

“Captain O’Shea
Was on a survey
To see what new life he could find.
He was first to explore
The big ocean floor
In a sub that he had designed.”

from The Incredible Martin O’Shea

“After searching its den,
He took the thief in
and recovered a bone and a boot!”

from The Incredible Martin O’Shea

“Many stories he told
Some exciting and bold
Of work that he’s done, old and new.
Excitement then spread
From what he had said
‘Just imagine the things you can do.’”

from The Incredible Martin O’Shea
